

Free EEI Curriculum Training

Hosted by the Sequoia Park Zoo and CalRecycle

Come learn about the Education and the Environment Initiative (EEI), a free K-12 curriculum that teaches critical-skills in science and history-social science using environmental topics, such as water and energy, as a lens. Enjoy hands-on activities from EEI and other resources.

In this training, we will highlight:

- The EEI Curriculum history and the state's vision for environmental literacy.
- How the EEI Curriculum helps students build critical 21st century skills such as problem solving, communications and collaboration.
- The various features and components of a typical EEI unit: sample lessons, connections to California issues, and assessments.
- Common Core and Next Generation Science Standards support.
- How you can order your very own free EEI units.

Date: Monday October 15, 2018

Established in 1907, Sequoia Park Zoo is the oldest zoo in California and one of the smallest accredited zoos in the country. Situated next to the magnificent old-growth redwoods of Sequoia Park, the zoo is truly a jewel in the heart of Eureka. It's a major draw for tourists and locals, schools and families, students and researchers – anyone with an interest in animals, conservation and education. **Enjoy a tour of the zoo prior to the training from 3:30.p.m. to 4:00 p.m.**
