

EEI TRAINING SESSION

Professional Development

Hosted by San Francisco Maritime National Historic Park for MS/HS History Teachers

Come learn about the Education and the Environment Initiative (EEI), a K-12 curriculum that teaches critical-skills in science and history-social science using environmental topics, such as water and energy, as a lens.

In this training, we will highlight:

- How EEI can support Common Core and history/social science standards, and helps students build critical 21st century skills such as problem solving, communication and collaboration.
- EEI's background and the state's vision for environmental literacy.
- How you can order free hard copies of EEI Curriculum materials in class sets.
- Tour the park and Learn about the San Francisco Maritime NHP opportunities and ways to link the maritime park with the EEI Curriculum.
